# Testing and Consultancy Cell

Guru Nanak Dev Engineering College

Providing technical services since 1979 in ...

My Six Weeks Institutional Training was done by me at TCC i.e Testing And Consultancy Cell, GNDEC Ludhiana under the guidance of Dr. H.S.Rai Dean Testing and Consultancy Cell. Testing and Consultancy Cell was established in the year 1979 with a basic aim to produce quality service for technical problems at reasonable and affordable rates as a service to society in general and Engineering fraternity in particular.

## Introduction

This web map references the live tiled map service from the [OpenStreetMap \(OSM\)](#) project. OpenStreetMap (OSM) is an open collaborative project to create a free editable map of the world.

### OSM vs. Google maps

1. OSM can be used as an offline maps.
2. OSM is editable whereas Google maps not.

## Description

This web map references the live tiled map service from the [OpenStreetMap \(OSM\)](#) project. OpenStreetMap (OSM) is an open collaborative project to create a free editable map. [for details](#) [move down](#) of the world. Volunteers gather location data using GPS, local knowledge, and other free sources of information and upload it.

The resulting free map can be viewed and downloaded from the OpenStreetMap server. It is made available as a basemap for GIS work in ESRI products under a Creative Commons Attribution-ShareAlike license.

[For more information you can refer my blog](#)

## Surveys and personal knowledge

Map data is collected from scratch by volunteers performing systematic ground surveys using tools such as a handheld GPS unit, a notebook, digital camera, or a voice recorder. The data is then entered into the OpenStreetMap database.

Table having borders
